

Are you a tenant looking for
a room or house to share?

Are you a landlord with a
room or a property to let?

Funded by the Department for Work and Pensions, **House Share Wales** is an exciting new, **FREE**, initiative for tenants and landlords.

Set up in response to assist people through the transition onto New Housing Benefit and Local Housing Allowance levels introduced by the Welfare Reforms.

House Share Wales will help people find rooms and houses to share and landlords to find tenants.
